# Chapter award presentations

August 2023

## About the awards

Each year the Australian Institute of Project Management (AIPM) recognises and celebrates the role of project management in Australian society and industry through its Project Management Achievement Awards (PMAAs).

In its 23<sup>rd</sup> year, the PMAAs will celebrate project management excellence across 12 categories for both organisations and individuals. Awards are presented at chapter level, with winners progressing through to national level at the AIPM National award presentation in 2023.

This year, throughout August, an in-person chapter event will be delivered across all states and territories, providing the opportunity to network and celebrate awards together amongst a sit-down dinner or in an elegant cocktail setting.
